

Space adventures

Start

The maze is a large grid of hexagons. The starting point is a box labeled "Start" at the top center. The path leads through various letters and eventually ends at a black hexagon on the right side. Several planets and moons are illustrated and labeled with their names and numbers:

- Jupiter 456
- Megaton 34
- Pluton 23
- Venus 5
- Veltron 2
- Vix 54
- Saturn7
